P: 405.692.3748 F: 405.692.3783

We are very happy to have been chosen to assist in your orthopedic care. Our first priority is to provide you with the best possible care, for the best possible outcomes.

Health insurance is in a state of constant change. Carriers have many different types of plans, these plans are continually revised, reimbursement requirements are changed, and deductibles are continuing to increase.

Although we make every effort to ensure we have the correct referrals, approvals, and pre-authorizations for each patient, it is imperative, you, as the subscriber, be familiar with your specific insurance plan. Medical fees not covered by insurance are the responsibility of the patient and will be billed accordingly. Full payment will be due for all office co-pays and full or a minimum partial payment will be due prior to any surgical care.

Please note **we do NOT use Walmart pharmacies (including Sam's Club and Neighborhood Market locations)**. If Walmart is your normal pharmacy, you will need to use another pharmacy for any prescriptions from our office. It is your responsibility to notify our office of any pharmacy changes. Pharmacies cannot be changed less than 5 days prior to surgery.

Please call our office with any questions regarding these policies.

Thank you,

Team Unsell

FINANCIAL POLICY

Thank you for choosing Oklahoma Sport Science & Orthopedics as your healthcare provider. At OSSO we are dedicated to providing the highest quality, most cost effective care. We specialize in Adult and Pediatric Orthopedics, Sports Medicine, Physical Medicine and Rehabilitation, Pain Management, Reconstructive and Orthopedics Spine Surgery and Hand Surgery.

In addition to accepting traditional insurance plans and Medicare we are contracted with numerous Preferred Provider Organizations (PPO) and Health Maintenance Organizations (HMO). Because each plan is different and constantly updating provider's participation status, please check with your particular plan to make sure we are currently participating in your network. We ask that you assist us in maximizing your insurance coverage by cooperating fully with all referral, pre-authorization and pre-certification processes. **Please be aware that all insurance carriers do not consider some services rendered a covered benefit. It is important that you are aware of your insurance policy provisions of coverage.**

Accurate, up to date information is the patient's responsibility; please notify our office of any changes in your insurance or personal billing information. Please bring to each appointment your current insurance card or any other information that is required by your insurance carrier. By maintaining updated information this ensures that your medical claims are filed correctly and prevents any unnecessary delays in processing your claim.

Payment for all co-insurance, deductible, and non-covered services are due at the time of service unless special payment arrangements have been made. Payments can be made by cash, check, money order, Visa, Discover Card, American Express or MasterCard. In most cases we can arrange payment plans for patients who have financial concerns. Please notify our office at 692-3700 to make payment arrangements. **Please be aware that charges for physical therapy, durable medical equipment, laboratory testing, anesthesia, hospital, ambulatory surgery facilities and some radiology services may be billed separately.**

If your injury was due to a motor vehicle accident, unless other arrangements have been made, you may be set up on a self-pay account for any charges incurred up to \$500. If charges exceed \$500, a claim will be filed with the third party insurance carrier. In order to file this claim, complete billing information will be requested from the patient. A lien may be filed with a third party in order to ensure payment to the physician. **Please note that not all OSSO Physicians will accept third party/ MVA patients.**

There is a \$40 charge for any FMLA, disability or accidental form completed. This charge is applicable per form completed and is payable prior to completion.

If you require surgery or any other invasive procedures that are scheduled at Community Hospital, Northwest Surgical Hospital or Community Hospital North, please be advised that your physician may have ownership in those facilities. If you wish, you may request another facility.

Again thank you for allowing Oklahoma Sports Science and Orthopedics to participate in your care.

Sincerely,
OSSO Physicians and Staff

- The pain you are experiencing may be improved, but not eliminated with use of narcotic pain medication.
- Once pain medications are prescribed you will be required to have regular office visits to assess your pain status. Your medications will not be filled if you don't keep these appointments.
- Pain medication is filled only for post-operative patients and not filled indefinitely. If pain medications are needed beyond this period you will be referred to long term pain management.
- Your treating physician is the only physician who should prescribe narcotic pain medication to you.
- It is your responsibility to notify us of any other Physicians who are prescribing narcotic pain medications to you. It is also your responsibility to inform other physicians that we are prescribing you narcotic pain medications.
- Any "Drug Seeking Behavior" will not be tolerated and will result in your dismissal as a patient and possible reporting to the police, DEA, or FDA. Drug seeking behavior includes, but is not limited to: excessive calls requesting increase in the dose or frequency of pain medication, refills before they are due, and doctor shopping. Dispensing your medication to others for their use or for money will result in the same consequences.
- Pain medication refill request are taken **Monday through Thursday from 8:30 a.m. to 3:30 p.m. only. Prescription refills are not taken or called in on Friday, Saturday, Sunday, holidays or after hours for any reason.** We guarantee prescription refills will be processed within 72 hours of the request.
- Lost, stolen or misplaced medications **are never replaced - no exceptions.** Your medication is your responsibility.
- Narcotic pain medication has many side effects. Overuse could lead to breathing difficulties and even death. Heavy machinery should never be used while taking pain medication. Make sure you are educated on the possible side effects of your medication by your pharmacist. If you have any concerns please contact our office.

Informed consent: I _____ have been informed and clearly understand the above-listed issues regarding the treatment of pain with narcotic pain medication. I understand that this agreement will be filed in my chart as part of my permanent medical record.

SURGERY OPIOID CONSENT FORM

Patient Name:	Date of Birth:
The doctor may prescribe Opioids to control and manage post-surgical pain.	
Alternative options to opioids are Over the counter pain medications such as Tylenol, Advil, Excedrin.	

Instructions: Please review the information listed below and put your initials next to each item when you feel you understand and accept what each statement says.

	Initials
My surgeon will prescribe an opioid medication to help me control and manage post-surgical pain.	
This medicine is used to decrease and manage my pain but will not take away my pain completely.	
I will stop using the opioid medicine as soon as my pain is manageable and will use over the counter pain relievers if possible to manage the pain.	
I will contact my provider if the medicine does not control my pain when I take it as prescribed or if I have any adverse reactions to it.	
I will follow-up with my provider for post-surgical consultations as instructed or requested by my provider.	
If I do not use all of the medicine prescribed, I will ensure that it is disposed of properly in order to prevent its misuse by someone else.	
I will safely store the medicine to minimize the risk that children or other people will take it.	
When I take this medicine it may not be safe for me to drive a car, operate machinery, or take care of other people. If I feel sedated, confused, or otherwise impaired by these medications, I should not do things that would put other people at risk for being injured.	
When I take this medication, I may experience certain reactions or side effects that could be dangerous, including sleepiness or sedation, constipation, nausea, itching, allergic reactions, problems with thinking clearly, slowing of my reactions, or slowing of my breathing.	
I may become physically or psychologically dependent or addicted to this medicine if I take them continuously so I agree to stop using them at the earliest possible time and to take no more than is necessary to control my pain.	
I have told my provider if I or anyone in my family has had any problems with mental illness or with controlling drug or alcohol use in the past.	
Taking too much of my pain medication, or mixing my pain medications with drugs, alcohol, psychiatric medicine, or other medications that cause sleepiness, such as benzodiazepines, barbiturates, and other sleep aids, could cause me to be dangerously sedated or to overdose and stop breathing.	
It is my responsibility to tell any provider that is treating me or prescribing me medications that I am taking opioid pain medications so that they can treat me safely and do not give me any medicines that may interact dangerously with my pain medicines.	
I will not use any illegal substance, such as cocaine, etc., while taking this medicine.	
If I travel out of the country while taking this medicine, I will notify the appropriate travel authority (usually the consulate website of the country) and obtain a note from my provider before travel, as traveling out of country with opioids may pose problems.	
For females: I understand it is my responsibility to inform my provider if I am pregnant.
